

WALL MOUNTED HOOD WITH FILTERS (EXHAUST + AIR JET) (HPPD)

Standard Features:

- Air jet system increases capture efficiency
- High efficiency cyclonic grease filters 500 x 430 mm
- Grease outlet valve (internal thread G1/4)
- Pressure port for fine-tuning extraction flow rate

Additional Features:

- Recessed LED luminaire
- Plastic fluorescent luminaire
- Exhaust adjustment damper
- Air jet adjustment damper
- Removable grease tray
- Cover panels
- Connection for multiple hood assembly
- Light switch
- Integrated exhaust fan
- Integrated air jet fan
